PROFILE

Priya Sharma is a dynamic IT professional with a passion for innovation and problem-solving. Armed with a Bachelor of Technology in Computer Science from the prestigious Indian Institute of Technology, she boasts a stellar academic record and a knack for turning complex challenges into elegant solutions. With a proven track record in senior software engineering roles at leading tech firms, Priya is a visionary leader who has spearheaded groundbreaking projects, from designing scalable e-commerce platforms to crafting cutting-edge machine learning algorithms. Her dedication to excellence, coupled with her technical prowess, makes Priya a standout talent in the world of IT. Outside the tech realm, Priya finds joy in outdoor adventures, open-source contributions, and whipping up delectable Indian cuisine.
